AN EXTRA

SPARKLE 

AMC FULL BLADE CLEAN OF INTERNAL WINDOW GLASS SERVICES

DO YOUR WINDOWS NEED THE NEXT LEVEL OF CLEAN?

There's no denying sparkling windows look more attractive and will leave a great impression on staff and customers but appearance is only the beginning.

The build-up of dirt on your business' windows can block natural UV light from entering your workplace, which usually warms the space naturally. Without this natural heating, your power bill may begin to creep up.

Natural UV light is also a highly effective way of controlling germs and bacteria in your workplace. Without this light entering through clean windows, you may promoting the spread of germs and illness. Also, dirt can get caught in the texture of the glass, making it prone to scratching, and in the long term, weakening it.

AMC Commercial Cleaning's Specialist Full Blade Clean will help to remove dirt, dust and mould from your windows. This will leave them looking like new and prolong their lifespan.

More than good looks

If you're trying to make a good impression on your staff and customers, then sparkling clear windows let people know you care about the details. Our specialist clean will leave your windows looking amazing, without smears or streaks and boost the appearance of your business both inside and out.

Let there be light

If it's been a while since you've had a full blade service on your windows, chances are dirt could be blocking out natural light leaving your interiors feel a little dull. Gloomy interiors could have an impact on your team's mood and productivity. Without natural light, you'll have reduced UV which may affect your heating and cooling bill.

It could save you

A build-up of dirt on your window glass allows for scratches and etching to occur. This can weaken the glass and reduce its lifespan. Grime and scratches are also great places for mould, bacteria and allergens to build up. Therefore, clean glass could also reduce the amount of illness and absenteeism in your workplace.

WHY USE AMC'S FULL BLADE CLEAN SERVICES?

AMC FULL BLADE CLEAN SERVICES - OUR PROCESS

1. Pre-Inspection

We'll meet with you to understand your business, your requirements and expectations for results.

2. Area preparation

We'll remove any obstacles and protect all adjacent surfaces and furnishings with drop cloths and protective coverings.

3. Cleaning

Using a professional-grade window cleaning solution, we loosen and remove dirt and debris with a window blade with a window blade. We pay special attention to edges and corners to remove stubborn dirt and cleaning residue.

4. Detailing

Once cleaned we'll inspect the glass for any remaining spots or streaks. We carry out spot treatment of stubborn stains or marks.

5. Frame and Sill Cleaning

All window frames and sills are wiped down with eco-friendly detergent to remove dust, dirt and cobwebs.

6. Inspection

AMC Commercial Cleaning will do a walkthrough with you to ensure satisfaction and address any concerns.

6. Post-Service

A thorough clean-up of the work area and removal of any drop cloths or protective coverings.

7. Follow-up

Should you have any questions about the services carried out or have feedback on our performance, we're more than happy to chat with you.
